8 | PRODUCT Bio-Luminum
MANUFACTURER **CoveringsETC**
coveringsetc.com

***E** Made from aircraft aluminum retrieved from decimated military sites, Bio-Luminum tiles are both 100% recycled and 100% recyclable. Airplane parts are melted into blocks and then sliced to create a lightweight tile with a textured surface in 3" x 12", 6" x 12", and 3" x 6" dimensions. Appropriate for both indoor and outdoor cladding applications. **CIRCLE 240**
