## ECO-GRES™ ULTRA

Shown here a recent installation of Norwegian Blue as flooring in a private residence. This ultra thin innovative material gives a soft yet contemporary feeling to surfaces. It was chosen by Danielle Saliba from Homaision due to the extensive color choices and modern clean look. Its use extends from residential to also commercial wall and floor applications.

## COVERINGS ETC EXHIBITS AT "SURFACES 2007"

From February 7-9 Coverings Etc exhibited at this years Surfaces in Las Vegas. The "Surfaces" expo color trends forecasted for the 2008 - 2009 season are: "...greens remain the easiest color to live with, however, combining it with a purple will be an interesting way to give a little more life to a room... and working with earthy tones and global inspiration (items from other cultures and from various parts of the world)... and creating color combinations with full spectrum colors, and ORANGE ... is the new red!" (Stephens ID).
