"LEXUS HYBRID" partnered with COVERINGS

LEXUS HYBRID partnered with COVERINGS ETC again this year in promoting Eco Design Lifestyle. "Coverings ETC, in the heart of Miami's Design District, this simple and sleek showroom houses the perfect blend of 'eco' and 'upscale' with its ever-growing ECOVERINGS line. Sustainable-centric slabs include Eco-Terr, terrazzo made from recycled content; Eco Cem, 'cement' made with cellulose fibers; and Bio Glass, made of 100% recycled glass with no added resins."

CARAGREEN Grand Opening - June 5 2008

CARAGREEN offers a thoughtful selection of high-quality alternatives to conventional building materials at competitive price points, and they help developers, contractors, architects and designers increase building sustainability and maximize LEED credits. CaraGreen will carry Coverings ETC collections as well as other nationally recognized brands with unique architectural surfaces including naturally occurring, reclaimed, reused, recycled or recyclable materials, which aside from their practical applications and contemporary design appeal, are moisture, mold, and mildew resistant and low or no off-gassing.
